

CareFusion Appreciation through Education Program

CACCN is an **active** participant in the CareFusion (formerly Cardinal Health) “**Appreciation through Education Program**”.

Who is eligible to participate in this program?

Canadian Hospitals who carry the CareFusion infusion pump and order infusion lines may be eligible to participate in the ***Appreciation through Education Program***.

How does this program work?

A CareFusion Account Manager is assigned for each hospital. The Account Manager will provide your hospital with specific information regarding the program and how your hospital can participate.

When hospitals purchase infusion lines between February 2009 and April 2009 through CareFusion, they will be given credits under the program.

How does CACCN receive the credits?

At the end of July 2009, CareFusion will tally the number of products purchased by each hospital and will notify the hospital of the total number of accrued credits available for use by their nursing staff. The hospital will then determine if they wish to allot their accrued credits to CACCN.

When can credits be used?

Credits may be claimed between **August 15, 2009** and **August 15, 2010** inclusive.

Who will benefit from this program?

This program will benefit **nurses**, CACCN members and non-members alike, at hospital facilities across Canada, who order CareFusion infusion products

How do you know if your hospital qualifies for credits?

Any hospital that registers at www.cardinalhealth.com/appreciation and purchases CareFusion manufactured IV Sets and Accessories **between February 1, 2009 and April 30, 2009** is qualified to receive credits. Customers should contact their CareFusion sales rep with any questions.

How are the credits calculated?

One (1) CareFusion Appreciation through Education Credit = One Dollar (\$ 1.00)

Redeeming Your Credits?

You may redeem your CareFusion **Appreciation through Education Credits** between **August 15, 2009** and **August 15, 2010** for the following:
