MOTION: To accept the Website Report as submitted.

Moved: Delfin Pesito, Ottawa, Ontario
Seconded: Brenda Gallagher, St. John, New Brunswick
Discussion:

Kathy Yeoman, Montreal, Quebec: Where is the board at with respect to French translation of the website?

Teddie advised it isn’t the initial translation of the website that is the financial issue. It is the continued updating of information on the website. Each time we make a change to the site, we would need to pay to have the information translated. On average, the site is updated in some fashion at least once per day.

Tricia asked if there were particular parts of the website that could be translated – static items that are not likely to change such as position statements.

Kathy felt this would be beneficial.

Virginia Vandall-Walker, Sturgeon County, Alberta: Have we assessed the cost of translation fees?

Teddie advised the website translation was sent out to tender in early 2009. Based on the cost of updating the site, the Board has deferred the implementation.

Virginia Vandall-Walker, Sturgeon County, Alberta: Is there a concerted effort not to have patient/family photos on the website?

Teddie advised there are photos of patients posted, but we must have signed consent before taking the photos.

Kathy Bouwmeester, Calgary, Alberta: What about when taking photos of staff? Do we require consent?

Teddie advised we require written consent from anyone who is in the photo before it can be posted.
